

LAMINATED FABRIC SHADES

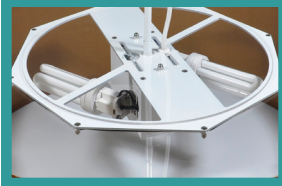

SHADE FEATURES

Washable Surface

Shades are made of laminated fabric, which allows for easy cleaning and disinfecting; perfect for buildings where cleanliness is a priority.

Closed Top and Bottom

Both the top and bottom lens are closed, which prohibits the accumulation of debris inside the fixture.

50+ Standard Colors

Over 50 standard shade colors and over 70 varieties of opaque and translucent trims are available. The lamination of custom fabrics is also possible.

Easily Accessible Lamps

A removable cap on the top lens allows for the easy replacement of burnt-out lamps.
